

Poverty Simulation

A role-playing experience about the realities of living in conditions of poverty

**Saturday, March 3, 2012, 9 am – Noon
Immaculate Conception Catholic Church
810 West Chapel Hill Street**

In three short hours you can experience a small taste of what a family in poverty experiences. Participants will have opportunity to assume the role of low-income family members, from single parents trying to care for children to senior citizens trying to maintain their independence on Social Security. During the simulation, the task of each family is to provide food, shelter and other basic necessities to its members while interacting with community resources that include social workers, loan officers, employers, utility collectors, police officers, school personnel and others.
